

SmartTools

- SmartTool permits you to find level and plumb in two ways. For quick references, use the sensitive bubble vials. For highly precise work, use the digital display on the Sensor Module. It provides accuracy to 1/10th of a degree.
- Only SmartTool allows you to measure angles three different ways: degrees, % slope and pitch (rise over run).

- 92288** 2 ft SmartTool
- 92296** 4 ft SmartTool
- 92346** Sensor Module only
- 92395** Magnetic Bracket
- 63396** 72" Rail without Module
- 63412** 96" Rail without Module
- 92908** 24" Vinyl Case
- 92924** 48" Vinyl Case

Hand Levels

All hand levels (except 17-620) include a padded Cordura™ belt loop case.

- 17-620A** Model 4I
